Century Assisted Living

CARBONDALE, ILLINOIS

Compare the care. Compare the full cost.

Bring this sheet on your visits. Ask each home to complete a quote for the same care needs, and write down what is included.

Write the names of the homes you are comparing in the top row.

Care and monthly cost	Home A: _____	Home B: _____
Accommodation + assessed care One combined monthly total		
Additional recurring charges List the item and amount		
Total expected monthly cost Combined quote plus recurring extras		
One-time fees / deposits Ask about refund terms separately		
Meals, medication support, personal care Which are included in this quote?		
Laundry, supplies and transportation Available, included or extra?		
If care needs change Who reassesses? How can the price change?		

Look beyond the monthly number.

- ☐ Who is available overnight, and what help can they provide?
- ☐ How does the home support memory changes and safety needs?
- ☐ How will the team keep your family informed?
- ☐ What can the home support as needs change?
- ☐ Have you seen a room, shared spaces and a typical routine?
- ☐ What is needed for assessment, availability and a move-in decision?
